**Policy Statement:**

The County of Vermilion River will operate a program whereby a landowner, whose land has been purchased or used for road improvement purposes by the County, may have the fence replaced by the County.

**Purpose:**

The County of Vermilion River will provide fencing to landowners, at no cost, whose land is being utilized for road improvements.

**Policy:**

1. When a fence is to be replaced by the County, the standard will be:
  - a. 3” to 4” x 6 foot pressure treated posts spaced approximately 12 feet apart;
  - b. 4 strands of wire to be installed;
  - c. Inclusion of substantial corner posts (5 - 6x7 foot), braces (4x4 pressure treated single brace) and gates;
  - d. The use of 1 ¾” barbed staples.
2. Any fences other than those noted above are not covered under this policy.
3. Should the landowner request that additional strands of wire be installed to bring the number of strands to more than 4, the landowner will supply the additional wire and pay the contractor for its installation by private arrangement.
